SWISS ACADEMY FOR DEVELOPMENT

The Swiss Academy for Development (SAD) is a centre of excellence for sport and development. We use sport and play to empower disadvantaged children and young people in Switzerland and internationally to become healthy, educated and employed citizens.

SAD was founded in 1991 as a not-for-profit foundation in Biel/Bienne, Switzerland. We are ZEWO certified (Swiss seal of quality for not-for-profit organisations).

Dalits belong to the lowest caste of Nepal’s society and are highly discriminated against. Four out of five children don’t finish primary education, and many young people don’t find jobs. With “Move 4 New Horizons” SAD brings disadvantaged children to a level where they can reenter the school system. In SAD’s vocational training courses, young Dalit pave the way for self-employment. Sport and play are essential in these programmes. Mathematics is fun if presented as a game and young people learn to work in groups and solve problems together.
